Wayland Family Resource Guide

Community Partnerships for Children & Families (CPCF)

CPCF, formerly known as the *Coordinated Family and Community Engagement* grant is funded by the Massachusetts Department of Early Education and Care. The mission of CPCF is to enhance the services for Wayland's children, birth through eight years and their families. Priorities include universal and targeted outreach strategies, linkage to comprehensive services, and family education by strengthening the capacity of families as their child's first teacher. This includes offering STEM groups, Brain Building activities, P J Storytimes and other family literacy events.
