1. Public Comment

There was none.

2. Discussion

The entire discussion was focused on the proposed Life-threatening allergy policy. Ruth distributed the most updated copy. Ruth did speak with the nurse at Burlington regarding their similar policy. We decided to amend the proposal slightly by adding a third goal regarding safety and adding brief language to two of the of the protocols, #7 and #8 to reflect the districts interest in safety. We discussed a number of factors about the policy such as safety, students need to develop independence, and concerns with busses.
