

**Policy Sub-Committee
Meeting Minutes for October 12, 2022**

Jessica Polizzotti called the meeting to order at 4:51 p.m. Jessica Polizzotti (“JP”), Erin Gibbons (“EG”), Superintendent Omar Easy (“OE”) and Assistant Superintendent Parry Graham (“PG”) were present for the meeting.

No public comment was presented.

Review of Policy: GBEB

The sub-committee reviewed GBEB for various other districts in our area and compared same to our District’s current GBEB policy language.

PG presented the committee with various area district GBEB policies and had grouped them into three (3) categories for the committee’s review. PG discussed how the other policies were similar and different from Wayland’s existing language for GBEB.

PG, OE, JP, and EG discussed the other district’s policies and reviewed where the District may benefit from changes to the existing GBEB policy to reflect some good additions from comparable districts. PG, OE, JP and EG reviewed various additional language and made suggested changes to existing language as desired by the Superintendent. The proposed revisions were to be reviewed by legal counsel in advance of the next meeting prior to taking it to the School Committee for any potential review and/or vote.

Matters Not Anticipated: Residency Requirements/Policy Questions

In follow up from a prior School Committee discussion related to the residency requirements in Wayland, EG asked OE about the status of the chart outlining the required documentation to provide proof of residency. Discussion followed with respect to the inconsistency of the existing requirements and what changes could be made. OE will connect with team members to obtain the original chart and other related documents. OE to send same to JP and EG to revise in advance of next meeting pursuant to prior discussion and decisions at last sub policy meeting.

JP moved and EG seconded to adjourn the meeting. Motion passed 2-0.

The meeting was adjourned at 5:45 p.m.
